A Reminder About Your Community SafetyNet

Hello,

We recently shared information about the Community Safety Initiative and the Bandana-Guide SafetyNet.

We encourage residents to take a few minutes to explore the program and the practical safety information available through Safety Bandana-Guides.

The Initiative offers a simple way to promote emergency preparedness and response, while helping build a local fund for neighbors facing unexpected emergencies.

Visit **www.Bandana-Guide.com** and use your ZIP code as your Safety Code.

A safer, more prepared community begins with informed and engaged neighbors.
