SkillsUSA — Workplace Safety & Community Service

Students Helping Communities | Community Safety Initiative

Building Skills. Promoting Safety. Strengthening Communities.

Workplace safety, personal responsibility, and helping others are important qualities of skilled professionals.

The **Community Safety Initiative** offers local SkillsUSA chapters a practical way to connect career readiness and safety awareness with meaningful community service.

Through educational Bandana-Guides and locally supported Community SafetyNets, students can help promote safer practices while introducing a community resource intended to assist neighbors during unexpected emergencies.

How SkillsUSA Students Can Participate

With their advisor's approval, students can:

- Share messages emphasizing workplace and job-site safety.
- Highlight first aid, personal protection, and emergency preparedness.
- Introduce families and local workers to the Community SafetyNet.
- Practice leadership, teamwork, and professional communication.

How the SafetyNet Works

Bandana-Guides are purchased online at **www.Bandana-Guide.com**, with ZIP Codes or applicable Partner Codes helping direct community allocations locally.

For each regularly priced $19.95 Guide, $8 supports the local SafetyNet, while another $2 is available to the participating Community Partner, SkillsUSA, which may also direct its share to the SafetyNet.

The SafetyNet is intended to provide one-time emergency assistance to community members experiencing unexpected hardships.

A Simple Way to Begin

Choose an approved workplace-safety or emergency-preparedness message from the School Resource Center and share it through an advisor-approved channel—email, social media, etc.

No money collection. No product inventory. No complicated administration.

Just SkillsUSA students demonstrating that safety, responsibility, and service extend beyond the classroom and workplace.

Participation is subject to school and advisor approval. This resource does not imply national SkillsUSA endorsement.
