FCCLA — Families, Safety & Community Well-Being

Students Helping Communities | Community Safety Initiative

Helping Families Prepare. Helping Communities Care.

Strong families help build strong communities. And when unexpected emergencies strike, the support of neighbors can make an important difference.

The **Community Safety Initiative** offers local FCCLA chapters a meaningful way to connect family well-being, personal responsibility, safety education, and community service.

Through educational Bandana-Guides and locally supported Community SafetyNets, students can help families become more safety-conscious while introducing a way for communities to assist neighbors facing sudden hardships.

How FCCLA Students Can Participate

With their advisor's approval, students can:

- Share messages about household safety and family emergency preparedness.
- Encourage conversations about first aid, food safety, and personal safety.
- Introduce families to their local Community SafetyNet.
- Practice leadership and communication through approved community-awareness activities.

How the SafetyNet Works

When families purchase Bandana-Guides online at **www.Bandana-Guide.com**, entering their ZIP Code or applicable Partner Code helps direct community allocations locally.

For each regularly priced $19.95 Guide, $8 supports the local SafetyNet, with another $2 available to the participating Community Partner, FCCLA, which may also direct its share to the SafetyNet.

The SafetyNet is intended to provide one-time emergency assistance when unexpected circumstances create serious hardships for local families or individuals.

A Simple Way to Begin

Choose a family-safety message from the School Resource Center, personalize it with advisor approval, and share it through an approved school or community channel—email, social media, etc.

No money collection. No inventory. No complicated administration.

Just students helping families learn about safety and encouraging communities to care for their neighbors.

Participation is subject to school and advisor approval. This resource does not imply national FCCLA endorsement.
