Helping Keep Our Community Safe—And Helping Neighbors When They Need It Most.

Emergencies can happen to anyone.

The Community Safety Initiative offers Safety Bandana-Guides—portable emergency reference tools with practical information about emergency preparedness and response. Topics like First Aid, Personal Safety & Defense, Home Safety, Food Safety, and more.

Even better, participating purchases help build a local Bandana-Guide SafetyNet to provide temporary assistance to you and your neighbors when experiencing unexpected emergencies.

Your Safety Code is your ZIP code!

Learn more at **www.Bandana-Guide.com**.

Prepared families. Informed neighbors. Stronger communities.
